### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: With regard to claim 11 filed December 17, 2004, applicant indicated that claim 11 was claim 6 rewritten into independent form, claim 6 having been indicated as containing allowable subject matter in the first office action. In rewriting claim 6 into independent form as new claim 11, applicant left out the following subject matter: and an opening which communicates with a lower space of the deck is formed in a lower portion of the cover. Upon careful consideration of claim 11, claim 11 is allowed as written. None of the art of record including Hattori, which was used to reject claim 1 in the first office action, taken alone or in combination disclose or fairly teach the limitation "a cover mounted between the inclined surface portion and the seat, the cover being set approximately coplanar with the inclined surface portion and an inclination approximately equal to an inclination of the inclined surface portion".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
